

## **Instructions for Oral and Poster Presentation for XVIII International UIE-Congress 2017**

### **Oral Presentations**

- Time allotted for each presentation is 20 minutes +5 minutes for discussion; 30 minutes will be allowed for keynote presentations
- Presentations will be done by means of PowerPoint and beamer. Please use the classical 4:3 format for your presentation in order to use the full screen. You can use either your own PC or the PC provided by the organizers; in this case, you can bring your presentation on USB memory stick.

### **Poster Presentation**

- Poster session is very important and will receive the greatest attention since there are no other activities during this session and since posters will remain displayed for the whole day. Therefore, all participants are present during your poster presentation and during coffee breaks.
- Authors can stick up their poster during the whole day before the poster session.
- The poster presentation boards will be 140 cm (high) x 100 cm (wide). For each poster one board will be available.
- Pay very close attention to the appearance of your poster, as your poster will be seen by every participant. Awards will be given to the best posters.
- Keep text to a minimum; be clear and concise.
